Benefit Liaison Training #2

ISSUE/QUESTION

Where to find the presentation materials from the October 19-21 Benefit Liaison Training.

ANSWER

All of the presentations from the second Benefit Liaison Training held October 19, 20, and 21st have been posted on the Benefit Liaison website under “2011 Open Enrollment Liaison Resources” for your review. All of the vendors’ materials have been combined into a single presentation. Please feel free to access the presentation if you were unable to attend the trainings or if you would like a reference to help inform employees of their options during Open Enrollment November 1st through November 19th.

If you receive questions beyond what is included in the presentation, please refer employees to the Benefit Services Division website www.benefitoptions.az.gov, to the vendor representatives, or to our member services representatives at 602-542-5008 for more information.
