Health Savings Account Educational Meetings

ANNOUNCEMENT

The ADOA Benefit Services Division is pleased to announce an opportunity to educate employees about our Health Savings Account (HSA) Option. The HSA is one of the medical insurance plans State employees may elect from the Benefit Options Program. This unique plan option is often misunderstood or overlooked. A Health Savings Account is a special type of account that allows **tax-free** contributions, earnings, and healthcare-related withdrawals. A health plan representative will cover how the HSA may be a great way for many employees to manage health care expenses today and still save for the future.

The first two meetings will be held at the Executive Tower, 1700 W. Washington in the Grand Canyon Room (Basement level) Phoenix, AZ 85007 on:

Wednesday, August 24, 2011 - 12:30 pm to 1:30 pm

Thursday, August 25, 2011 - 11:30 am to 12:30 pm

No registration is required.

If you are interested in having this educational presentation at your agency location please contact Elizabeth Schafer at 602 364-1388 or Elizabeth.schafer@azdoa.gov to schedule a meeting.
