ADOA Retiree Medical Premium Holiday/NAU BCBS Retiree Premium Holiday

ANNOUNCEMENT

As a result of Governor Brewer signing SB1523, the Arizona Department of Administration is implementing a medical premium holiday for retirees enrolled in a self-funded medical plan. In addition, NAU has applied the premium holiday to the fully-insured NAU BCBS Plan to match the SB1523 medical premium holiday.

Retirees that receive their pensions through PSPRS and ASRS will see a full medical premium holiday applied to their November pension and a five percent reduction of the medical premium in their December pension. Non-pension/Direct bill retirees will receive a zero balance statement for November and a five percent reduction on the billing for December.

A postcard announcement will be sent to retirees with this information. A copy of the postcard can be found at www.benefitoptions.az.gov.
