

Doctor on Demand

Earn 25 HIP points and an entry into a drawing for a Fitbit Flex when you register on Doctor on Demand!

Doctor on Demand gives you the peace of mind of seeing a board-certified physician right away from your mobile device or computer. Their U.S.-based doctors treat hundreds of issues using live video chat, including 18 of the top 20 reasons people visit urgent care and the E.R. such as cold and flu. If you need a prescription, those are sent directly to the pharmacy of your choice.

Register for Doctor on Demand during the month of March and receive 25 HIP points! Also, you will be entered in a drawing for a FitBit.

For employees participating in the Benefit Options health plans, Doctor on Demand costs the same, or less, than a typical visit to your primary care physician depending on your specific health plan. Also, even employees who have a deductible or do not have State benefits at all will only pay \$49 for a visit!
