Planning a road trip this summer? Before you hop in the car, you probably map your preferred route to get to your destination. But what if you hit construction along the way? Do you just call the trip

Step 3: Once you have earned the HIP requirement of 500 points you will be presented with an offer form to claim your reward. You must click the orange Claim Reward Button to be eligible for the \$200.00 incentive. If you do not claim reward you will not be reported as complete. If you Decline the reward you can come back to the site at any time before the end of the program and claim your reward.

Step 4: To confirm you have completed all steps to claim your reward you should see in the box titled “What you can earn” on the right hand side of the rewards page a blue “earned” badge with no accept link showing. If you see the “accept” link at the bottom of the page you must hit that link and claim your reward.

Step 5: When all steps have been taken the box will look like the picture below. You will see the blue earned badge and no “accept” link.
