

MedPerform – Preferred Drug List (PDL)

April 1, 2023

Benefit Options Formulary

The Benefit Options Formulary keeps prescription medications affordable. We monitor our formulary to make sure you receive the most clinically effective medications at the lowest cost. The formulary is updated regularly and is subject to change without advance notice.

Preferred Drug List (PDL)

The PDL is a list of commonly prescribed medications within select classes of drugs covered on your formulary. The list is developed and maintained by a committee comprised of physicians and pharmacists (the Pharmacy and Therapeutics Committee). Inclusion on the list is based on consideration of a medication’s safety, effectiveness and associated clinical outcomes. The PDL does not represent all preferred formulary medications available under your plan. For complete formulary information, visit the Benefit Options website by logging onto www.benefitoptions.az.gov and click on the Pharmacy tab and then click on the MedImpact Member Portal. For specific questions, please contact the Customer Contact Center at 1-888-648-6769. It is available 24 hours a day, 7 days a week.

Exclusions

Prescription medications that have over-the-counter (OTC) equivalents are not a covered prescription benefit. As new products are made available OTC, they will be removed from the formulary. Additionally, the formulary does not include the products listed below. **This list is not all-inclusive and is subject to change due to updates and availability of generic alternatives.**

All OTC products	Mifeprex®
Abortion pill	Nonsedating antihistamines
Vaccines and Immunizations	Nonsedating antihistamine combination
Diagnostic products	Ostomy supplies
Drugs with cosmetic indications	Penlac®
Fertility drugs	Reusable needles
Impotency drugs	Reusable syringes

How do I get the greatest benefit from my PDL?

- **Print out the Preferred Drug List and take it with you when visiting your physician.**
- Ask your physician to prescribe generic medications whenever possible.
- When there is more than one brand name drug available for your medical condition, ask your physician to prescribe a preferred drug listed on your PDL. This should also reduce your copays.

PDL DRUG CATEGORY	GENERIC	PREFERRED BRAND	NON-PREFERRED BRAND	EXCLUDED
ALLERGY				
NASAL CORTICOSTEROIDS	azelastine/fluticasone flunisolide fluticasone mometasone	Qnasl Xhance		Beconase AQ Dymista Omnaris Ticanase Zetonna
