

COVID-19 Update: No Cost for COVID-19 Treatment

Dear State of Arizona Benefit Options Health Plan Member,

In continuing support of the Governor's efforts to proactively address the COVID-19 pandemic, the State of Arizona's Benefits Services Division is offering you and your covered dependents expanded coverage for COVID-19 services at no cost. **Your health care plan will now pay for the treatment of COVID-19 at in-network facilities and providers.**

What This Means

- For a COVID-19 diagnosis, there will be no deductible, copays or coinsurance for:
 - Testing at in-network or out-of-network facilities.
 - Treatment at in-network facilities and providers. For example, if you have to get treatment at an in-network hospital, you will be covered at no cost.
- This includes the EPO, PPO and HDHP plans with all carriers.
- Effective immediately through June 1, 2020.
