Roll Up Your Sleeve - Flu Shots Now Available

Get your flu shot to protect yourself and others. Remember that you need to get a flu shot annually since the flu virus changes from year to year. Flu shots are a preventive care benefit with your medical plan and are at \$0 cost to you and your covered dependents.

Options for a Flu Shot

- Visit your doctor's office.
- Visit your pharmacy. Use an in-Network pharmacy for your medical plan. Bring your medical ID card and have the pharmacist bill the flu shot under your medical carrier coverage—NOT the pharmacy coverage.
- Visit a public clinic. See healthwaves.com/Healthwaves/Public_Flu_Clinics.html for public clinic listings.
