2021 State of Arizona Open Enrollment Presentation
Welcome to more.

UnitedHealthcare currently provides services to more than 30,000 employees and retirees across the great State of Arizona and nationwide. With UnitedHealthcare, you’ll get:

- Dedicated customer advocates.
- Talk or chat online with a registered nurse, 24/7.
- Personalized coverage, claims, online tools and doctor information on our website, myuhc.com.
- Specialized care programs and services when you have serious health concerns.
- Informational tools to help you and your health care providers make informed decisions about care.

For more than 16 years, we have proudly served State of Arizona members, and we look forward to helping you and your family achieve your best health.
Two medical plan options.

**Triple Choice Plan**

- You’ll first have a deductible to meet before your plan will start to pay. Then you’ll be responsible for copays for most services.

- Preventive care is 100% covered when received in network.

- You have out-of-network coverage, but those providers will likely charge you more and you will be responsible for making sure your claim is filed.

- With the UnitedHealthcare Triple Choice Plan, any hospital where your selected Tier 1 or Tier 2 provider practices is covered as a Tier 1 facility. You'll also have network coverage with our nationwide Tier 1 and Tier 2 network, so you're covered wherever you travel.

  Tier 1 physicians are listed on [whyuhc.com/stateofaz](http://whyuhc.com/stateofaz) and in the UnitedHealthcare app with the blue dot next to their names.

**High Deductible Health Plan**

- You’ll first have a deductible to meet before your plan will start to pay for most services. Then you’ll be responsible for copays for most services.

- Preventive care is 100% covered when received in network.

- You have out-of-network coverage, but those providers will likely charge you more and you will be responsible for making sure your claim is filed.

- Our Premium Care Physicians consistently meet or exceed national standards for quality and local benchmarks for cost efficiency. In addition, you'll have network coverage with our nationwide network so you're covered wherever you travel.

- You are eligible to open a Health Savings Account with Optum Bank.

  Premium Care Physicians are listed on [whyuhc.com/stateofaz](http://whyuhc.com/stateofaz) and in the UHC app with 2 blue hearts next to their names. One heart for quality. A second heart for cost efficiency.
